

WAYCHAMP ELECTRONIC PROTECTIVE DEVICE (PROFESSIONAL EDITION)

Production	Picture	Unit	Count	Introduction	Size
Electronic trunk protectors		pair	1	The inner lining adopts the hardness 70EVA materials with high service life, and he high-pressure sensing adopts the piezoelectrc cable for accuracy. Size:1#;2#;3#;4#;5#	1#:L*W*T 80x75x2cm 2#:L*W*T 86x80x2cm 3#:L*W*T 91x85x2cm 4#:L*W*T 94x88x2cm 5#:L*W*T 101x90x2cm
Electronic head protectors		pair	1	The PU hanging coating process is adopted to improve the abrasion resistance and corrosion resistance and precisely collect and distinguish the power generation and homeopathic conductivity Size:S/M/L/XL	S: L*W*H 20x16x26cm M: L*W*H 23x16x29cm L: L*W*H 23x18x29cm XL: L*W*H 24x20x30cm
Receiver		pcs	1	The most advanced ICT technology is adopted for simultaneous information and receiving information. Processing and information transmission function	L*W*T 10.4x10.4x2cm
Transmitter		set	1	The ZIGBEE networking mode is adopted for stable signal transmission The fullfrequency is divided into 16 channels to support the simultaneous transport of multiple sites The 1000mAH battery is adopted to achieve the continuous working time of 8 hours one set include four pcs	L*W*T 6X3.8X2cm
Electronic foot protectors		pair	1	The surface adopts the EVA covered the PU materials to improve the durability and protection 11 points can be used Size: XS/S/M/L/XL/2XL/3XL/4XL	XS: L*W 23X10cm S: L*W 24X11cm M: L*W 25X11cm L: L*W 26X11cm XL: L*W 27X11cm 2XL: L*W 28X12cm 3XL: L*W 29X12cm 4XL: L*W 30X13cm
Charge		pcs	1		L: 1m
Joysticks		set	1	It adopts the ergonomic design, with comfortable sense of grip and rational key layout. Concealed display screen Its running hours surpass 12 hours Dual uses for competitive goods and potential items one set include three pcs	L*W*T 16x9x2.5cm
Detection card of foot cover		pcs	1	Special double layer film contains the movable iron powder.	L*W 13x7.5cm

**WAYCHAMP ELECTRONIC PROTECTIVE DEVICE
(SEMI-PROFESSION EDITION)**

Production	Picture	Unit	Count	Introduction	Size
Electronic trunk protectors		pair	1	Continuous uptime interval s within 500ms High-sensitivity pressure sensing module Effective sensing impact force value Micro USB charging interface Applicable to daily training of club Size:0#, 1#, 2#, 3#, 4#, 5#	0#: L*W*T 75x70x2cm 1#: L*W*T 80x75x2cm 2#: L*W*T 86x80x2cm 3#: L*W*T 91x85x2cm 4#: L*W*T 94x88x2cm 5#: L*W*T 101x90x2cm
Electronic head protectors		pair	1	Continuous uptime interval is within 500ms High-sensitivity pressure sensing module Effective sensing impact force value Micro USB charging nterface Applicable to daily training of club Size:XS/S/M/L/XL	XS: L*W*H 20x14x26cm S: L*W*H 20x16x26cm M: L*W*H 23x16x29cm L: L*W*H 23x18x29cm XL: L*W*H 24x20x30cm
Receiver		pcs	1	MicroUSB interface Wireless communication distance reaches 100m It at most supports 15 groups of equipment connection	L*W*T 10.4x10.4x2cm
Transmitter		set	1	The fullfrequency is divided into 16 channels to support the simultaneous transport of multiple sites The 1000mAH battery is adopted to achieve the continuous working time of 8 hours one set include four pcs	L*W*T 6X3.8X2cm
Electronic foot protectors		pair	1	Intelligent foot protector contains 4 sensing chips Rotation and other technologies can be used for recognition scoring. Size:XXS/XS/S/M/L/XL/XXL	XXS: L*W 21X11cm XS: L*W 22X11cm S: L*W 24X11.5cm M: L*W 25X12cm L: L*W 27X12.5cm XL: L*W 30X13cm XXL: L*W 32X13cm
Charger		pcs	1		L: 1m
CHOICE					
Joysticks		pcs	1	Dual uses for competitive goods and potential items Independent setting of Poomsae and Kyorugi	L*W*T 16x9x2.5cm
Intelligent scanner		pcs	1	Special for detection of foot cover chip	L*W*T 27x11x2cm
